

PRAYING WITH THE PROPHECIES

Father You said “if My people who are called by my name will humble themselves and turn from their wicked ways and seek My face, then I will heal their land”. We thank You Lord that today is a new day for the nation of Hawaii, a new season in which they will take their rightful place in Your plans and purposes for Mankind. We thank You Lord that You have decreed that there are NO MORE DELAYS! We thank You that Hawaii will fulfill all that it is called to do and that the impact of this little nation will be felt worldwide.

We come into agreement with Your words for Hawaii that have come forth over the years. We pray that all those words spoken that have come from Your throne will no longer lay dormant but will spring forth. Establish and complete those things that are on Your heart for Hawaii: those spoken and unspoken. And those things that were spoken over these islands that were attributed to You but were NEVER on Your heart I cancel those words . I call them null and void and I decree the power of those false prophecies broken over this nation.

We believe that the name of the one true God will again be on the lips of every Hawaiian and that Jesus Christ will reign supreme in every heart. No longer held in bondage to the old ways that have brought shame and separation but instead they will embrace their true heritage as children of the living God.

Father, we realize that Hawaii is a tiny island, but we know that You can bring a great harvest from the tiniest seed. We know that Hawaii, even though she may seem small and insignificant, has been ordained by You to be Your catalyst in the coming awakening. This little pearl of great price will be the fuse that lights the coming wave of Your glory. Father, we thank You for revival in the midst of the church in Hawaii and that You will reveal Yourself to the people in signs and wonders as You have promised. I thank You that breakthrough is coming for Hawaii.

We DECREE that the breaker anointing destroys every foothold of the enemy in every aspect of Hawaiian society. We proclaim total freedom and

liberty even in their thought processes. We break all bonds to the kapu system of the past and declare freedom to embrace their loving savior.

WE DECLARE AND BREAK OFF:

Generational curses and bondages

Polynesian people coming out of their Babylon

Unbelief, heaviness, greed and the spirit of loss

The orphaned spirit

We declare the principalities of addiction and witchcraft to be broken and call in thousands upon thousands

Assignments against the youth of Hawaii

We stand in the gap and repent Lord for those who have come before that have brought their qualifying spirit to the islands. Those who stripped the Hawaiian people of those things that make them unique and special in Your eyes. I repent for that religious spirit that wants to make another conform to our ideal of what Christianity should look like. Father I ask that instead, all things that make the Hawaiian people who they are would be filtered through the cross of Jesus and be offered up as pure worship unto You. We take authority over all religious and qualifying spirits and cancel their hold and influence over the islands.

We come against the spirits of control and religion that want to abort the move of God in Hawaii and we decree every spirit of previous moves of God that were aborted is broken off Hawaii now. I come against every hindrance that would try to stop the coming wave of God's glory.

Thank You Father, for revelation knowledge of God's fire and release of this fire to be used for Your glory. We proclaim that the leaders of these islands will unite and this unity will spread throughout the "ring of fire" and God's glory and power will be released out to the 4 corners of the world.

Thank You for the tsunami wave of Your spirit that is coming to Hawaii and when it does there will be a release of healing, deliverance and miracles released from Heaven.
